Cummins 500 kVA Generator Price in India – Details

- **500 kVA Cummins Three Phase Silent Diesel Generator:**
– Base price approx ₹29,25,000 (~+18% GST ~₹34,51,500)
- Price may vary depending on standard accessories (AMF panel, ATS, soundproof enclosure compliance) and delivery zones.
- Also available with different engine makes (Cummins M15, K19 series) and alternator brands.

Key Notes

1. Prices are **market estimates / dealer listings** from reliable DG set sellers and may vary by city, configuration, and taxes.
2. Prices above include **typical ex-works or basic model cost** — installation, freight and GST may increase the final cost.
3. Cummins India offers models compliant with **CPCB II / CPCB IV+ emission norms** for India.
4. For customised DG set offers (paralleling panel, remote monitoring), contact authorised Cummins dealers directly.
