Mahindra Powerol Generator Price List

The table below is designed as a practical budgeting reference. It is not an official manufacturer-issued price list. Online dealer and marketplace prices can differ considerably because the included equipment and commercial terms are not always identical.

5 kVA	₹1.65–₹2.25 lakh	Home, shop, small office
10 kVA	₹2.85–₹3.90 lakh	Office, retail, small commercial
15 kVA	₹2.05–₹2.50 lakh	Shop, office, small facility
20 kVA	₹3.00–₹5.90 lakh	Commercial, SME, industrial
22.5 kVA	₹3.50–₹4.75 lakh	Small commercial
25 kVA	₹4.00–₹5.95 lakh	Office, shop, small industry
30 kVA	₹3.30–₹6.25 lakh	Commercial & infrastructure
35 kVA	₹4.00–₹5.00 lakh	Commercial facility
40 kVA	₹5.00–₹7.00 lakh	Industrial/commercial
45 kVA	₹5.50–₹7.50 lakh	Industrial/commercial
50 kVA	₹5.75–₹8.00 lakh	Commercial & industrial
62.5 kVA	₹6.50–₹8.50 lakh	Telecom, commercial, industry
75 kVA	₹4.75–₹9.90 lakh	Commercial & industrial
82.5 kVA	₹7.50–₹10.80 lakh	Industrial/infrastructure
100 kVA	₹7.25–₹10.25 lakh	Factory, building, infrastructure
125 kVA	₹5.80–₹7.15 lakh+	Commercial & industrial
160 kVA	₹8.90–₹12.00 lakh+	Industrial facilities
180 kVA	₹10–₹14 lakh+	Industrial facilities
200 kVA	₹11–₹15 lakh+	Industrial/commercial
250 kVA	₹13.75–₹15.50 lakh+	Large commercial/industrial
320 kVA	₹15.90–₹20.65 lakh+	Heavy industrial
400 kVA	₹25 lakh+	Large industrial/infrastructure
500 kVA	₹30 lakh+	Large industrial/infrastructure
625 kVA	₹35 lakh+	Heavy industrial

Price note: The ranges above are indicative budgeting figures compiled from publicly available market/dealer listings and product information. They should not be treated as guaranteed selling prices.

Key Prices Buyers Commonly Search For

For quick comparison, the most frequently searched smaller capacities are summarized below.

Mahindra Powerol 5 kVA	₹1.65–₹2.25 lakh	Check canopy, phase, panel and GST.
Mahindra Powerol 10 kVA	₹2.85–₹3.90 lakh	Confirm whether AMF/auto-start is included.
Mahindra Powerol 15 kVA	₹2.05–₹2.50 lakh	Compare identical specifications.
Mahindra Powerol 20 kVA	₹3.00–₹5.90 lakh	Ask for a complete delivered/installed quote.

What Can Change the Final Generator Price?

The final quotation can differ from the indicative figures in this PDF because of:

• Generator capacity and exact model	• Engine and alternator configuration
• Single-phase or three-phase requirement	• Acoustic/silent canopy specification
• AMF or automatic-start control panel	• Battery, charger and control accessories
• GST and other applicable taxes	• Dealer location and regional pricing
• Transportation and delivery distance	• Installation and commissioning
• Foundation, earthing and cabling work	• Exhaust and site-specific requirements
• Warranty, AMC and service package	• Project quantity and commercial terms

How to Compare Dealer Quotations

Ask every supplier to quote the same specification. A lower headline price may exclude the AMF panel, GST, transportation, installation, cabling or other required components.

Before placing an order, request: exact model number, kVA rating, phase, prime/standby rating, engine details, alternator details, fuel consumption, canopy specification, control panel details, GST-inclusive price, delivery charges, installation scope and warranty terms.

Important Price & Usage Disclaimer

This document is a price-reference guide created and published by DGSet.net. The prices shown are indicative estimates for budgeting and comparison purposes only. They are not a quotation, offer, warranty or guaranteed selling price from Mahindra Powerol or any dealer.

Actual prices may vary depending on the date of purchase, region/state, dealer, exact model, generator configuration, taxes, transportation, delivery distance, installation, commissioning, civil work, electrical work, accessories, warranty/AMC package, order quantity and prevailing market conditions.

Before making a purchase decision, buyers should obtain a current written quotation from an authorized or reputable supplier and verify the exact technical specification and complete delivered/installed cost.
